Sunderland A.F.C. Stadium

SUNDERLAND, UK

The football stadium located in North East England is home to the Sunderland team

With a capacity of 49,000 spectators, it was opened in 1997 and ranks as the ninth largest stadium in England. Additionally, two England national team matches have been played at this venue. Beyond football, Sunderland's stadium made history by hosting its first music concert in summer 2009, and has since established itself as a prestigious venue on the music scene. The stadium's design, inspired by Sunderland's industrial heritage, offers ultimate spectator comfort with a bowl-shaped lower deck and a second tier extending over the West and North Stands.
