

SPORTS FACILITIES

Gorzow Arena

GORZOW WIELKOPOLSKI, POLAND

In Gorzow Wielkopolski, a modern sports and entertainment hall has been built, meeting international standards.

The facility, with a capacity of 5,000 spectators, is perfect for organizing basketball, volleyball, futsal, and handball tournaments. The investment, valued at 54.8 million PLN, was financed by the City of Gorzow Wielkopolski, the Ministry of Culture, National Heritage and Sport, as well as the Lubusz Voivodeship. The hall, adapted to the needs of people with disabilities, is also a venue for culture, concerts and trade fairs. The hall features a main arena and a training room combined into one impressive field with dimensions of 117m x 72m, 22m in height, accommodating 5,128 spectators. This includes a fixed grandstand with 3,744 seats and a telescopic grandstand with 1,384 seats. Additionally, there are parking spaces, bicycle racks and stops for coaches. The project also includes spatial flexibility, allowing the main arena to be divided into two fields.
