Samsun – Kalin Line

SAMSUN/KALIN, TURKEY

Ambient System supplied an EN54-16 compliant PAVA system for the 23 stations of the Samsun to Kalin railway in Turkey.

The solution is based on miniVES all-in-one type system, controlled and monitored by Ambient System's YELLOW software platform, via fibre-optic network. Advanced features include call-stacking to ensure all messages are delivered on busy system.

SOLUTIONS PROVIDED

- » *miniVES series all-in-one PAVA amplifiers, YELLOW*
- » *Visualisation and remote management using YELLOW*

We make everyday life safer
