

TRANSPORT

Pomeranian Metropolitan Railway

TRI-CITY, POLAND

Ambient System worked with the system integrator to design an overall solution for 18 metro stations.

To meet the all technical challenges, Ambient System specified and supplied elements of the EN54 certified MULTIVES platform, together with the YELLOW integration software. Ambient System supported the system design, acoustic study and preparing system layouts.

SOLUTIONS PROVIDED

- » *MULTIVES modular PAVA system, YELLOW*
- » *Integration with third party CRM software via SNMP*

We make everyday life safer
