# Mercure Szczyrk Resort

**SZCZYRK, POLAND**

The hotel, located at an altitude of 660 metres above sea level at the foot of Klimczok Mountain in Szczyrk, offers panoramic views of the Silesian Beskid and its highest peak, Skrzyczne (1273 metres above sea level).

The Mercure Szczyrk Resort offers 447 rooms, all with exceptional views. There are five gastronomic outlets, a SPA & Wellness area with saunas, physiotherapy and massage rooms, a gym, the region's largest aquapark with pools and slides, a children's zone and an extensive recreational area. Over 4,000 m<sup>2</sup> of conference space is available for business. It is the largest multi-functional hotel in the capital of the Polish mountains, with 35,000 m<sup>2</sup> of space. The nine-storey building measures 330 metres in length, making it one of the longest hotels in Poland. It also features a grill bar for 400 people and a heliport.
